

How Are COVID-19 Antivirals Covered By Insurance?

Antiviral treatments are available at no or low-cost to most people

	PAXLOVID	LAGEVRIO
Medicaid		
Medicare	You can access Paxlovid at no cost to you at participating pharmacies* through December 31, 2024.	Lagevrio may be available with low co-pay through Medicare Part D and some state Medicaid prescription drug programs.
Tricare and VA Community Care Network		For financial help, call 1-800-727-5400 or visit merckhelps.com/LAGEVRIO ** which provides Lagevrio free of charge if you are eligible.
Uninsured	You can access Paxlovid at no cost to you at participating pharmacies* through December 31, 2028.	
Federal Sources	You can access Paxlovid for free through federal sources, including HRSA-supported health centers, Indian Health Service, and others.	You can access Lagevrio for free through federal sources, including HRSA-supported health centers, Indian Health Service, and others.
Private Insurance	Check with your insurance provider about coverage. If you need financial help, a co-pay savings program is available if you are eligible and have private insurance. You can save up to \$1,500 in out-of-pocket costs. Visit paxlovid.iassist.com to confirm your coverage or sign up for co-pay savings.	Check with your insurance provider about coverage. For financial help, call 1-800-727-5400 or visit merckhelps.com/LAGEVRIO ** which provides Lagevrio free of charge if you are eligible.

*These include pharmacies participating in PAXCESS US Government Patient Assistance Program operated by Pfizer.

**This is part of the MerckHelps Patient Assistance Program.

Visit treatments.hhs.gov to find a location near you.

You can also visit test2treat.org, a program funded by the National Institutes of Health (NIH) for free at-home tests, telehealth appointments, and access to treatments (if eligible) for COVID-19. **No insurance or appointment is needed.**

AM I
AT RISK?
